**Mrs. Surekha Sanjay Lahane**

President - Rajmata Jijau English School,

---

Society is not static. It is dynamic. It is ever changing. It is in a constant flux. Like any other living organism it is ever growing and ever changing. It consists of various social units like the family the society and the church. This changing character of society or culture may be sometimes imperceptible as it is continues.

But it is changing, all the same. The world of today is different from the world of yesterday. The world which Our grand-parents were familiar is different from that in which we are living today. This change is inevitable, whether we want it or not, whether we like it or not. Time is moving fast, changing the face of the world, creating new problems, new needs and new ways of their satisfaction. In these days of knowledge of explosion, nobody can afford to be illiterate and ignorant. An illiterate person can not lead a complete life. It is because of this that education upto primary stage is an essential requirement for everybody. Education alone can make a person aware of his rights and responsibilities as a citizen. It helps him to cast his vote in favour of right candidate. Primary Education enables a person to learn good habits of health and hygiene. It takes him out of the world of superstitions. It makes an individual a better worker than illiterate person. According to **Mrs. Lahane Mam** to the present world is a competitive globe and its race is increasing in every field-whether it is business, education or sports. English Being a global language one can understand its importance. At present computerized development also shows that English at no cost be neglected. People in rural areas lagging in education there are no facilities of primary school in rural areas. By knowing the deadly need of people to educate rural children in English and to make them, capable in the world of competition by providing bright future.

Dear Students and Parents,

It gives me great pleasure and joy to communicate about the school. Here before narrating achievements, I want to draw attention of parents and well-wishers about the school. An idea of launching a school which will impart education with Excellence and provide an effective and most useful infrastructure to produce results and give concrete shape to their ideas. For this who come forward and made ceaseless untiring efforts to shape their ideas and bring this institute in reality person like Mrs. Sarekha Sanjay Lahane.

"Rajmata Jijau English School" endeavors to provided all possible opportunities for the belt education and development of an all round personality to meet the challenges of competitive future.

"Every piece of marble has a statue in it waiting to be released by a man of sufficient skill to chip away the trivialities what a sculptor is to be block on marble, so is education with the moral values of the soul"

"Children are like wet cement; what ever falls on them makes an imprint for a life time". So we are requested to the parents please come forward to improve their wards in all respects. We provide quality education to our students, to make them to be self reliant in all respect. "Today's students are growing in information but starving for knowledge and wisdom. Hence my eventual realization is that we should have adequate knowledge, clear vision, firm purpose and lasting values, so that we become ideal in the eyes of everyone.

With Kind Regards,

**Principal**

The English translation of the stanza rendered by  
Dr. Aurobindo in prose is :

I bow to thee, Mother,  
Richly - watered, richly - suited,  
cool with the winds of the south,  
dark with the crops of the harvest,  
The Mother !

Her rights rejoicing in the glory of the moonlight,  
her hands clothed beautifully with her trees in flowering bloom,  
sweet of laughter, sweet of speech,  
The Mother, giver of boons, giver of bliss

# PLEDGE

India is my country. All Indians are my brothers and sisters.

I love my country, and I am proud of its rich and varied heritage. I shall always strive to be worthy of it.

I shall give my parents, teachers and all elders respect and treat everyone with courtesy.

To my country and my people,  
I pledge my devotion.

In their well-being and prosperity  
alone lies my happiness.

# PRAYER

O God help me,  
To live today, as you would wish;  
What I ought to be doing and to do it,  
Don't let me miss my opportunities today,  
To make others happy,  
To make myself a little better,  
This is my prayer,  
I make to you.  
O God in love and confidence,  
Thank you Lord,  
Thank you O God.

## ENGLISH PRAYER SONG

There shall be showers of blessing;  
This is the promise of love;  
There shall be seasons refreshing,  
Sent from the Savior above.

Showers of blessing,  
Showers of blessing we need;  
Mercy-drops around us are falling  
But for the showers we plead.

There shall be showers of blessing;  
Send them upon us, O Lord,  
Grant to us now a refreshing,  
Come, and now honor Thy Word.
